

## Former State Commander Of American Legion To Be Firemen's Memorial Speaker

Attorney Walter E. Alessandroni, former commander of the Pennsylvania Department of the American Legion and a member of the national executive committee of the Legion, will be the speaker here Sunday, July 2, at annual memorial services held as part of the 98th Anniversary of the Battle of Gettysburg.

He will speak at a program to be held at 7:30 o'clock that evening in the Gettysburg High School auditorium. The program will include a concert by the U.S. Army Field Band and Chorus, William G. Weaver, secretary of the fire department's anniversary committee, has announced.

The 46-year-old Philadelphia attorney was a major in the Marine Corps during World War II and served in the Pacific. He was the first World War II veteran to be come state commander of the American Legion. In 1950 he served as director of the American Legion's Tide of Toys program supervising the collection of more than 6,000,000 toys for children of war-torn Western Europe and traveled 10,000 miles to arrange distribution of the toys in seven countries.

He was appointed U.S. Attorney by President Eisenhower in 1959 and has been an attorney for 22 years. His service as chancellor of the Philadelphia Bar Association won him a special citation from the Pennsylvania Bar Association, which termed him "a distinguished leader not only of the Philadelphia Bar but of the Pennsylvania Bar as well, who has for a number of years and especially during 1958 as chancellor of the Philadelphia Bar Association rendered exceptionally conspicuous service in the improvement of the administration of justice in Philadelphia." While he was chancellor in 1958 Philadelphia Bar Association won the American Bar Association award as the outstanding bar association in the nation.

He is also recipient of the 1959 Pennsylvania Distinguished Service award and gold medal given by the Order of Sons of Italy.

## SOUR CHERRY GROWERS TO MEET FRIDAY

With cherry harvest time only a few weeks away, a meeting of the Great Lakes Cherry Producers' Marketing Cooperative and other interested sour cherry growers has been announced for Friday evening at 8 o'clock in the Bendersville community hall.

An announcement of the meeting states that the purpose of the meeting is to "bring about better understanding between growers and the federal-state inspection service."

Harold Trostel, Chambersburg, a representative of that service, will be present to answer questions pertaining to grades to be in effect for the 1961 harvest period, the methods of getting samples for each load inspected, the rights of growers and processors when disagreement on grading results and causes confusion, methods of hiring federal-state inspection and how state inspectors are trained and assigned.

Henry Cushman, area supervisor of U. S. Department of Agriculture processed products inspection branch, will be present to explain processed frozen and canned cherry grades and the proposed changes to these grades. "This will give growers a complete picture of the grading system under which the industry operates," the meeting announcement said.

Richard Trostel, Biglerville R. 1, the director of the cooperative, and Alexander Griest, Gettysburg R. 6, the assistant manager, will be present to discuss the marketing outlook for cherries, the carryover position and crop conditions for cherries.

## Elks Observe Flag Day Monday Night

Flag Day was observed at the regular meeting of the Gettysburg lodge of Elks Monday evening.

Atty. Eugene Hartman, a club member, gave the history of the flag. Donald Myers, exalted ruler, conducted the program with the assistance of lodge officers.

During the business session action was deferred until the meeting of June 26 on proposed renovations to the dining room of the home.

## Mosquito Sprayer Is More Effective

Gettysburg's new mosquito sprayer went into operation Monday night and Borough Engineer LeRoy H. Winebrenner reported it "twice as effective as the former sprayer."

Using propane gas for its operation and hurling a spray of Chem Hex-T, the new sprayer "seems to have a greater and more even pressure than the old sprayer," Winebrenner said. William Wetzel who operated the sprayer on its tour of the community reported to Winebrenner that he was well pleased with the new equipment.

## WEEDS, OTHER HEALTH TOPICS ARE DISCUSSED

Weeds in general and problems posed by the Gitlin junk yards were matters before the Gettysburg Environmental Sanitation committee at its meeting Monday morning at the borough council chambers in the engine house.

As a result of the meeting, Burgess Wilbur L. Plank, chairman of the committee, praised Morris Gitlin, proprietor of the junk yards, for the work he is contemplating to remove mosquito and other problems caused by water accumulation in cans, old tires, etc., and promised the full efforts of the committee in assisting Gitlin in working out the problems.

Almost a complete lack of a market for worn out tires has caused "a headache for Gitlin and the borough as well," according to the committee.

## SAYS INVASION FAILS WITHOUT GOOD AIR COVER

CINCINNATI, Ohio (AP) — Old soldier Dwight D. Eisenhower still says no invasion can be successful without adequate air cover if there is opposing air power by the defense.

Gen. Eisenhower, who directed allied landings in World War II, made his statement Monday in commenting on the abortive invasion of Cuba by forces opposed to the regime of Fidel Castro.

The statement, at a news conference, came a day after new Republican National Chairman William E. Miller declared President Kennedy "rescinded and revoked the Eisenhower plan to have the Cuban freedom fighters protected by American air power."

Eisenhower said his administration was not aware in advance of any plan on the part of Cuban refugees to invade their homeland and overthrow the Castro regime.

He said, however, he had directed his staff members on March 17, 1960 to "take measures to help these people organize and to help train them and equip them." The aim, he said, was to make these refugees ready if an opportunity was presented for them.

Eisenhower said he was aware of large groups of Cuban refugees in the United States and Central America who were eager to find ways to overthrow Castro. But

## HOTTEST DAY

Monday's high of 93 degrees made it the hottest day so far this year in Gettysburg and the hottest day here since September 10, 1959. Temperatures here in 1960 never got above 92 degrees.

## Nab Yank As Spy For Poland

WASHINGTON (AP) — Irvin Chambers Scarbeck, an American foreign service officer, was arrested here today on charges of turning over national security information to the Communist government of Poland.

Atty. Gen. Robert F. Kennedy, who announced the arrest, said FBI agents took Scarbeck into custody on a Washington street.

Scarbeck, a long-time employee of the State Department, has been serving as second secretary in the American Embassy at Warsaw. He returned here a week ago. He is a native of Brooklyn, N. Y., twice married and has four children.

FBI Director J. Edgar Hoover said Scarbeck was arrested on a warrant charging that from January through May of this year he transmitted classified information "affecting the security of the United States" to an agent of the Peoples Republic of Poland.

## SIX TEACHERS SELECTED BY SCHOOL BOARD

The Gettysburg Joint School Board Monday evening elected one elementary and five high school teachers and accepted the resignation of one member of the high school faculty. The meeting was held at the high school building with President Ralph W. Guise presiding.

It was the board's last meeting. In July when the Gettysburg-Freedom Twp. merger goes into effect, the management of the joint school system will be transferred to an operating committee of 14 and meetings of the 37-member joint school board will have become a thing of the past.

All of Monday evening's elections were on recommendation of the teacher and curriculum committee and followed investigations and interviews of the applicants.

The new high school teachers, not yet assigned to specific classes, follow with their salaries: Mrs. Marianne Adams, a graduate of Lebanon Valley College, at \$3,800 per year; Mrs. Sue S. Ritter, Winchester, Va., graduate of Madison College with a year of teaching experience, \$3,900; George E. Farley, Gettysburg College graduate who secured a Master's degree from Duke and has taught for two years at Burlington, N. C., \$4,300; Mrs. Anita Horch, graduate of Thiel College, at \$3,800, and Kenneth C. Hays, graduate of Lebanon Valley College, at \$3,800.

The elementary teacher chosen Monday evening is Miss Harriette Burchfield, graduate of Gettysburg College, at \$3,900.

## CADLE RESIGNS

The board accepted the resignation of William R. Cadle Jr., who has taught science in the high school for the last year. He plans to enter the University of Pittsburgh in September to work for his master's degree.

Superintendent of Schools H. Edgar Riegler told the board he is "pretty proud" of the report submitted by the evaluating committee of educators that conducted the first survey of its kind ever made in the grade school here. He pointed out, however, that there were recommendations for

## FIRE RATES NOT AFFECTED

A question raised in borough council earlier this month concerning the effect of gasoline service stations on fire insurance rates in their vicinity has brought a reply from the fire underwriters that such stations cause no change in fire insurance rates.

On June 5, when council was asked about a building permit for a service station to be constructed at the site of the former Adams House, at the corner of Chambersburg and N. Washington Sts., councilmen asked questions concerning the effect such as installation might have on fire insurance rates.

E. M. Myers, Reading, of the Atlantic Refining Co., which plans to erect the station, wrote W. H. Steinmueller, district manager of the Harrisburg District office of the Middle Department Association of Fire Underwriters, and received this reply: "Gasoline filling and service stations, used only for that purpose, without any motor or body repairing shop operations, are subject to minimum class rates. Such buildings have no effect in the insurance rate of any buildings nearby or in the locality. We do not consider them an exposure insofar as to affect the insurance rate upon other properties."

## DR. SCHIOTZ REPORTS TO ALC MEETING

A forward-looking report by their new national president highlighted Tuesday sessions for 450 attending the Eastern District convention of the American Lutheran Church at Gettysburg College.

Speaking during the afternoon was Dr. Fredrik A. Schiotz, Minneapolis, who now heads the growing ALC in the United States and Canada.

He told delegates and visitors from the area along the Atlantic seaboard the new church body has made strong strides since the three-synod union last January 1.

## DR. ROGNESS SPEAKS

Lecturing during the morning session was Dr. Alvin N. Rogness, president of Luther Theological Seminary at St. Paul, Minn. His theme for daily discussion is "When Is a Church a Great Church?" Also heard this morning was Dr. O. G. Malmgren, editor-in-chief of the Augsburg Publishing House.

The visiting Lutherans will join in a Communion and memorial service tonight at Christ Chapel on the college campus with Chaplain Stuart E. Ensborg, Baldwin, N. Y., and Dr. Gordon S. Huffman, Washington, D. C., district president, conducting it.

President Huffman opened the convention Monday afternoon with a warning that the Eastern District must meet the challenges of population shifts for the future.

## CENSUS DATA

Census bureau data shows, he said, that the district now contains 81 of the nation's most populous areas and is currently facing new problems with the location of many Negroes and Spanish-speaking newcomers in its midst.

Urging renewed efforts by the ALC in soul-reaching in urban areas, Dr. Huffman declared:

"Because our district spans the Mason-Dixon line, we have a God-given opportunity to show in our work that truly in Christ Jesus there is no East or West, no North or South."

## COMMITTEE REPORTS

Floor committees of the convention sweltered through lengthy sessions Monday night. Their reports began to come forward Tuesday to enliven business sessions.

The convention runs until Friday noon. Elections will be Wednesday afternoon.

Presently, the district includes upward of 250 congregations in Eastern Canada, the District of Columbia and 12 eastern or southeastern states.

## Art, Craft Show At New Oxford June 17

The fifth annual Art and Craft Show, sponsored by the New Oxford Chamber of Commerce, will be held there Saturday from 9 a.m. to 9 p.m.

The event annually draws large crowds. A feature this year will consist of a Flea Market (antique dealers) displaying various types of antiques and reproductions.

In the craft section there will be displays of ceramics, glass, pottery, metal and other materials. Weaving will be another craft that will have a prominent place in the show.

A kettle of apple butter will be started early Saturday morning, being made by the old-fashioned method. Music will be furnished all day by "The Johnnie Schmuckers." The show is free to the public.

## Tractor Team In Havana To Arrange Prisoner Release

MIAMI, Fla. (AP) — The U.S. Tractors-for-Freedom Committee reached Havana on its prisoner exchange mission at 6:24 a.m. today. The group declared its "humanitarian purpose to free 1,200 captured invaders by giving Cuban Prime Minister Fidel Castro 300 tractors for them."

The arrival time in Havana was reported here by Pan American World Airways.

The four man team of technical experts departed at 5:26 a.m. on the hour's flight to Havana with the avowed hope of working out a satisfactory tractors for prisoners trade in the next couple of days.

## Lutheran Presidents Here

Three Lutheran presidents were on the Gettysburg College campus Tuesday for the Eastern District convention of the American Lutheran Church. From left, they are Dr. Alvin N. Rogness, St. Paul, Minn., president of the Luther Theological Seminary; Dr. Fredrik A. Schiotz, Minneapolis, president of the ALC, and Dr. Gordon S. Huffman, Washington, district president.

## Blue And Gray To Play Friday Night

Moved outdoors for its rehearsal Monday evening on the lawn of the VFW Home and provided residents of that area with an unscheduled evening of music.

The band will play for the St. Francis Xavier festival on Friday evening. Members are asked to report on W. High St. and be ready to play at 8 p.m. Uniforms will be worn but no hats. Musicians unable to attend are asked to lend their uniforms for the evening.

## TEACHERS MAY CONTINUE TO DRIVE BUSES

By a one-vote margin Monday evening, members of the Berks-Spring Joint School Board decided that school teachers may continue to drive school buses in that joint district.

The matter was one of many subjects that came before the board in a session that ran until midnight. Vice President Harry Guise presided at the meeting. Twenty directors attended.

The school bus driving question came before the board in a recommendation from the personnel committee that school teachers not be permitted to drive buses. The motion lost by one vote. During the school year just ended three teachers drove school buses.

## PLAN "REC" PROGRAMS

Another personnel committee recommendation given the board was that a full-time elementary principal be provided for the elementary unit in East Berlin and one for the unit in York Springs. During the last year, Charles R. Phillips divided his time between the two units.

The same committee also recommended that contracts of the guidance counselor and the high school librarian be extended to 10 months effective next year. The board approved the recommendation.

Summer recreation programs were approved for operation at York Springs and East Berlin schools and at the high school. The programs will include playground activities, crafts and music.

## NEW BUS ROUTE

Representatives of Buchart Associates told the board that, with the exception of a few minor jobs

## GIVE REPORT TO KIWANIS

Details of the recent environmental sanitation survey of Gettysburg were presented Monday evening to the Kiwanis Club at its meeting in the Lamp Post Tea Room.

John Sheffer, county sanitarian, and Mrs. James Schwenk, chairman of the borough council health committee, reported on the survey at the meeting over which Vice President Roy Thomas presided.

Mrs. Schwenk reviewed the report listing unsanitary conditions found in the borough during a survey last summer and outlined 10 proposals which she said are being considered by borough council "in order to arrive at satisfactory conditions and health control."

Sheffer showed slides of unsanitary conditions as found by the survey and answered questions on charges that he held should be made.

Rev. Harry Fehl, former secretary of the local club and former pastor of the local EUB Church, now a member of the Frederick Kiwanis Club, attended the session accompanied by six other Kiwanians from Frederick.

## GRAD GETS JOB

Miss Deborah Smith, Chambersburg, will take up duties on Thursday as a probation officer for women in the Franklin County correctional department. A daughter of Dr. and Mrs. Forrest F. Smith and a recent graduate of Gettysburg College, Miss Smith has been appointed to the correctional department staff by Judge Chauncey M. DePuy, at \$3,700 a year.

## College Instructor Gets Purdue Ph.D.

Samuel A. Mudd, 24 W. Water St., who was a member of the psychology department of Gettysburg College for the second semester of the year just ended, received the degree of Doctor of Philosophy from Purdue University at Lafayette, Ind., at commencement exercises June 4.

He is a graduate of Gettysburg College in the class of 1957 and in the fall will become assistant professor in psychology at the college.

Larry E. Snyder, son of Mr. and Mrs. Harry L. Snyder, Littlestown R. 2, received his Master of Science degree at the same time from Purdue. A graduate of Shippensburg State College and Littlestown High School, Snyder was teaching at Purdue while continuing his post graduate work in physics there.

## YMCA DRIVE FOR \$2,500 TO OPEN JULY 10

The Adams County YMCA Monday evening voted to conduct a drive, starting July 10, for \$2,500 to establish a camp along Marsh Creek in the Natural Dam area.

Named to the Buildings and Grounds committee at a meeting held at the Varsity Diner were Rev. John Bishop, chairman, C. P. Keefer, Charles Alwine, Rev. Amos Meyers, Rev. Howard N. Bream, Walter B. Lane and Ivan D. Houck, YMCA worker from Harrisburg.

The committee will meet next Tuesday evening at 6:45 o'clock at the Lane Studio to go to the location of a 20 by 30 pavilion to be constructed there, the location for a well, two outdoor fireplaces and two lavatories.

## ACCORDING TO OTHERS

According to present plans, the YMCA camp will be used for the annual day camp of the organization and during the remainder of the year will be available for use by church groups, Boy Scout and Girl Scout units, etc.

No date was set for this year's day camp, pending completion of work on the new campsite.

Chairman Bishop asked that persons who may wish to make donations toward the fund prior to the solicitation starting July 10 may do so by sending checks to Young Men's Christian Association of Adams County, care of Rev. Howard N. Bream, Gettysburg R. 2.

## AUXILIARY OF FIREMEN MARK ANNIVERSARY

The tenth anniversary of the Ladies' Auxiliary of the Gettysburg Fire Department was observed Monday evening at a dinner in the Recreation Park dining hall.

At a business meeting Miss Jane Stallsmith, past president, presided in the absence of President Mrs. Martin Crabill. A past president's pin was presented to Mrs. Joseph Sanders, Francis I. Linn and Robert Neary spoke on plans for the festival to be held July 3-8 and asked the assistance of the auxiliary. Members who are in arrears in dues may be reinstated if they wish.

The members voted to assist the Federation of Clubs with the Halloween parade. Members will attend a Totem Pole July 17 at 7 p.m. Those planning to attend are to notify Mrs. Guyon Buehler. Named as the committee to arrange for the bus and refreshments are Mrs. Thomas Cole, Mrs. Eugene Sanders and Mrs. Harold Hockensmith.

## OTHER BUSINESS

Mrs. Buehler reported on meetings of the Federation of Women's Clubs and on the recent meeting held on the Halloween parade at the Moose Lodge at which she represented the auxiliary.

Mrs. Ray Breighner, ways and means chairman, reported her committee will hold a cake sale at the firemen's carnival on July 7 and 8 and will have a meeting at the home of Mrs. Robert Hartman June 22 at 8:30 p.m. to work on items for the bazaar in December. All members were asked to bring items suitable for the

## BOARD URGES COUNCIL TO WIDEN STREET

The Gettysburg Joint School Board Monday evening at its June meeting voted to ask the borough council to widen the street leading to Baltimore St. in front of the high school and turned over to its finance and planning committee a School Authority Board recommendation that a clerk of the works be employed on the new high school building project.

The proposal to ask widening of the high school entrance roadway, an extension of Wainwright Ave., from its present 20 to 35 feet was brought before the board in the report of Superintendent of Schools H. Edgar Riegler.

Riegler told the board, "We have discussed for several years the desirability and necessity of widening the entrance to the high school building from Baltimore St. The retaining wall along the entrance on the south side is deteriorating rapidly and the condition of the street itself has deteriorated. It would seem to me that this would be a good time to proceed with the project."

## TOWN COUNCIL ACTION

He suggested that town council be asked to make the street wider and suggested that a new curb line be established 10 feet north of the north edge of the present pavement that leads to the high school. That would add 10 feet to the roadway. He said that to widen the street further would take it too close to the center walk for safety. There was also a suggestion that, instead of a retaining wall, an ordinary curb be placed and the lawn graded down to meet it.

Board action authorized the administration to accomplish the street widening to the "best advantage" of the school district.

The directors had a written recommendation from the School Authority Board urging the employment of a clerk of the works on

## HIGH SCHOOL ADDS GERMAN IN CURRICULUM

German will be added to the Gettysburg High School curriculum next fall. Russian would have been if there had been enough interest on the part of the students. High School Principal Clifford B. Snowberger told members of the Gettysburg Joint School board at their June meeting Monday evening at the high school.

Snowberger said 16 sophomores have enrolled for German in September and it is planned to expand the German gradually until it will be available on a three- or four-year basis.

Only two pupils chose to study Russian and as a result it will not be offered in the coming year, Snowberger said. He indicated that it can be added in the future if there is enough student interest in the subject.

## ENROLLMENT RISES

He revealed that enrollment the crowded Gettysburg High School will hit a new high this fall with an estimated 1,370 pupils to be enrolled there. That is 112 more than entered last fall, he said.

Seventh graders will continue to use the Lincoln School building while plans are pushed on the new senior high school unit which is still only on paper. It was hoped that new building would be ready to use in the fall of 1962 but there was no indication Monday evening when bids can be asked for the construction contracts.

Snowberger said present enrollment indicated these enrollments by classes in the high school next fall: 146 Seniors, 243 Juniors, 243 Sophomores, 278 Freshmen, 262 8th graders and 253 7th graders.

The high school principal also told the directors that guidance will be taught this fall for one period a week to 7th and 8th graders and to academic and vocational 9th graders. General and commercial 9th graders will be given a course in family living four periods a week.

Richard A. Folkenroth, elementary coordinator, asked for progress reports from several of the school census takers who have not yet completed their task.

## RECEIVES DEGREE

Mrs. Nancy A. Gorman, daughter of Gen. and Mrs. Willard S. Paul, R. 6, received a Bachelor of Science degree in Nursing at the 170th annual commencement exercises of the University of Vermont, Burlington, Vt., Sunday afternoon. U.S. Senator Norris Cotton of New Hampshire was the commencement speaker. Sunday morning, Dr. Maurice S. Friedman, of Sarah Lawrence College, was the speaker.

on the grounds of the new high school building, the work of the general contractor has been completed.

The board voted to ask bids for the removal of two old temporary school buildings at East Berlin that are no longer usable.

The directors decided that transportation contracts expiring this year should be negotiated with present carriers and that bids be advertised for a new bus route being established between Idaville and York Springs.

### OKAY YOUNG FARMERS

The board voted to support a Young Farmers program at the new high school if enough interest is shown.

The contract for general school supplies was awarded to Roberts and Meck of Harrisburg on its low bid of \$2,040.

The board approved a plan by which the school district will reimburse teachers at the rate of \$25 per credit for approved college work taken during summer session up to six semester hours per teacher. Several teachers were approved for participation in the program.

The directors discussed a proposal to buy a district-owned bus this year but held back because of the cost involved and then adopted a policy committee report which will govern board procedure in the future with regard to special situations involving students and for handling of complaints against professional employees.

The board will hold a special session June 26 to "gather up loose ends" before the end of the school fiscal year on July 3.

### CORRECTION

Rev. William Jacobs, who will be ordained Wednesday evening in Trinity Lutheran Church, Arendtsville, is the only son of the congregation to be ordained in that church. Ten other sons have become pastors but were ordained at synod conventions. They are: Revs. Charles Lady, Ira Trostel, John Koser and John H. Rice, a 1930 graduate of Gettysburg College. Deceased sons who were pastors: Isaiah Crist, Harry Snyder, Wilmer Hartman, M. W. Lau, Abraham Longanecker and Calvin McCarty.

to the Burgess. Water collects in the old tires and in time breeds mosquitoes. The possibility of spraying the junk to meet the immediate mosquito problem was discussed.

### WON'T GIVE NOTICES

Another problem is unauthorized dumping on the Gitlin junk yards. The Burgess said some drive into the yards and dump debris. There is a possibility, he said, that fencing may have to be placed to prevent unauthorized dumping.

The committee heard a report from the sewer committee of borough council that it plans to mow the bottoms of the Tiber and Culp's (Winebrenner) Run. Property owners along the waterways are asked to "meet the mowed area."

Discussion indicated the town will abandon the practice of notifying lot owners that their weeds need cutting before taking any action against them under the ordinance. In prior years police "phoned owners five or six times a summer to remind them that it was time for the weeds to be cut," Chief of Police Jack Bartlett said.

### MEETINGS PUBLIC

Agreeing that a property owner should "check his own property and know when weeds need cutting," the chief was given backing to go ahead with action under the weed ordinance without giving notice in advance.

The committee decided to divide the town into five areas for easier administration purposes.

Next meeting of the environmental committee will be held at the engine house Monday morning, June 26, at 9:30 o'clock. Burgess Plank issued an invitation for "all those who are in favor of what we are doing, or opposed, to be present at the meeting."

## SAYS INVASION

(Continued From Page 1)

during his administration, he said, the refugees had found no common leader and had no specific plan of invasion.

### ON TRACTOR DEAL

As for the tractors-for-prisoners proposal, Eisenhower said "this unquestionably a special case... the President (Kennedy) has put the prestige of his office behind it."

"As a matter of principle, most of us would be against anything that would lead to international blackmail" as a way of conducting foreign affairs, he added.

### NEED NUCLEAR TESTS

The former president also said the United States cannot very much longer "keep on ice" the matter of resuming nuclear testing. He told the news conference "the time comes when we have to fix a date" beyond which the nation would not feel bound to abstain from testing.

"If we are just going to stand around talking," the Soviets could be testing without the United States knowing it, he asserted. Eisenhower said that before he left the White House "I told my people we definitely would take steps" toward fixing a date. So far as he knows, he said, no date has been set.

### 1,500 AT DINNER

Eisenhower was here for a day of political activities. Several thousand persons sweltered in hot and humid weather to greet him at midday at Lunken Airport. He was showered with ticker tape and confetti as he rode in an open automobile to downtown Cincinnati.

## BOARD URGES

(Continued From Page 1)

the new building project and they asked Authority board representatives to come to the school board meeting to explain reasons behind their recommendation. Charles B. Bender and Arthur E. Hutchison appeared.

### CLERK SAVES MONEY

Bender told the school directors the county commissioners believe they saved money for the county by paying a clerk of the works \$100 a week on the county home job. He said the Hill-Burton funds to be given for the building required that such a person be hired. "The money you use for a clerk will be well spent; your building will be finished sooner and you will get better workmanship," Bender said. Hutchison also backed the plan and said the board has no one in mind for the job.

School directors discussed the matter and got out their agreement with the architect for the new building, John R. Hamme of York, and found he had promised daily on-the-job supervision. The clerk of the works would be present throughout each work day.

A motion to take the matter up with the architect was defeated and the recommendation to hire a clerk was turned over to the finance and planning committee for "study and recommendation."

### ADVERTISE BIDS

The board asked that bids be advertised for a project to remove two sheds on land to be used as the site for the new high school building.

The directors learned that plans for use of the high school auditorium this summer for a Civil War play have been cancelled because of the illness of Bruce Becker, who was to have been the producer. Becker was taken ill with pneumonia and coronary complications about the time the contract for his lease of the auditorium was completed.

The board passed a resolution Monday evening cancelling his lease, directing that any future negotiations would have to start as a completely new project and that legal expenses due the school legal counsel should be the responsibility of Becker. The state Council of Education's approval had been secured on the summer play project.

### OTHER ACTIONS

The Gettysburg Fire Department was granted use of the high school auditorium for its annual memorial service July 2.

Roberts and Meck, Harrisburg, was allowed to make a \$467 correction on its bid on duplicating paper in the contract for school supplies. One director voted again allowing the change.

The monthly report of the First National Bank, school district treasurer, showed receipts of \$169,595 and expenses of \$103,111 in the last month and a June 1 balance of \$66,478.

Board members were reminded to make their appointments to the joint operating committee and to the three new standing committees which will operate after July 3.

Bills totaling \$4,639 were ordered paid.

## Local Lions And Ladies At Cashtown

Sixty-three Gettysburg Lions and their ladies went to the Cashtown Fire Hall Monday evening for a ladies' night meeting with special music and a mentalist from Philadelphia, Rudy Saxon, on the entertainment program. The meal was served by the Good Times Club of the Cashtown Reformed Church.

President Richard A. Folkner presided at the meeting and Program Chairman Sterling Musselman introduced the entertainment. There were solos by Ronald Ditzler, "Lucky Old Sun" and "Without a Song," accompanied by Harold Ecker. Saxon performed memory feats and demonstrated mental telepathy and mind reading. There were favors of fans for the lady guests.

## Sandra Ernest Is 4-H Club Leader

Officers were elected at the first meeting of the Wolf Hill 4-H Club held at the home of Mrs. Joseph Davies, Gettysburg R. 1, with 12 members present. Mrs. Helen Tunison, county home economist, presided for the election. Sandra Ernest was named president; Connie Dayhoff, vice president; Jeanie Davies, secretary-treasurer; Carole Dayhoff, reporter; Pauline Little, song leader, and Polly Scott, game leader. The group voted to have outdoor cooking as its summer project. Members were asked to bring sandwiches to toast at their meeting next Tuesday morning at 10 o'clock at the home of Mrs. Scott. Girls between the ages of 10 and 20 are invited to join the Wolf Hill 4-H group.

### WOMAN INJURED

Listed in satisfactory condition at the Chambersburg Hospital Monday was Mrs. James McLaughlin, 19, Orrtanna, who was treated for a deep laceration of the right leg between the knee and hip. Mrs. McLaughlin, hospital attendants were told, was standing between a truck and a car on Saturday and was injured when the car began to move.

changes and improvements and expressed the hope that "we will use this document (the evaluation report) as a guide for our thinking and study."

### PRAISE FOR SCHOOLS

Superintendent Riegle distributed to the board copies of a letter he received from Percy L. Cable, assistant superintendent of the York County public schools, who headed the evaluating committee. Mr. Cable congratulated the local grade teachers on the "conscientious job" they did of self-evaluation before the committee arrived.

He made special mention of the "fine cooperation which exists between and among the administrative staff."

Mr. Cable also commended the school directors for their "fore-sight in providing the fine facilities and for their part in making it possible that the objectives and philosophy of the school can be promoted." He also said the local board should be complimented for being among the first in the state willing to have their schools participate in an elementary evaluation.

## WATCH THE THERMOMETER

All funds available as a result of the house-to-house canvass for the community center project, which took place last evening in Littlestown, are to be turned in by Friday of this week to Rev. William R. Jones at the Centenary Methodist parsonage. Anyone who has not been contacted during the canvass, and who wishes to contribute, may make their donation or mail it to Rev. Jones at the parsonage. The finance committee and the recreation board express their appreciation for the cooperation and interest of all the organizations in the community in their willingness to assist with the solicitation. It is suggested that those desiring to learn the financial results watch the thermometer placed in front of the building to see if it bursts at the \$10,000 mark for the hoped for "Heat Wave."

Raab's Bantams  
Win New Honors

A white cockin male entered by Herbert Raab, Gettysburg R. 3, won the "best bantam of show" award at the Ephrata Poultry and Bantam Association annual exhibition Sunday at the Ephrata American Legion grounds.

GRASSLAND,  
CORN CLUBS  
BEING FORMED

Farmers planning to enter fields in the Pennsylvania Grassland Club must do so not later than July 1 while those planning to enroll in the Pennsylvania Corn Club must do so by August 1, County Agent Frank S. Zettile has announced.

Enrollment blanks are available at the county agent's office in the courthouse.

The grassland club will close September 15. The agricultural extension service will be responsible for supervision of the scoring for the club and scoring will be based on the entire farm operation rather than on individual fields, Zettile said.

Object of the club is "to give recognition and encouragement to those persons who through a balanced grassland farming program are improving the agriculture of Pennsylvania," County Agent Zettile said.

## OFFER RIBBONS

The corn club entries require a corn population of not less than 14,000 stalks per acre and not less than five acres of one hybrid or variety at one location on the farm can be entered. If corn is grown in contour strips, three strips may be entered provided there are two intervening strips of a close growing crop and total area of the contour strips is not less than five acres.

Either hybrids or variety corn may be entered, but they must be of a type used for corn production, not seed production. Experimental hybrids are not eligible, but a new hybrid can be entered if proof can be furnished at least 100 bushels of seed of the hybrid were sold to Pennsylvania farmers in the 1961 planting season. Irrigation will disqualify an enrollee.

Blue ribbons will be awarded those producing 150 bushels or more per acre, red ribbons for 125 to 149.9 bushels and white ribbons for 100 to 124.9 bushels. The top club member will be declared champion for 1961 if his yield exceeds the next nearest competitor by at least three bushels.

high good and choice \$22.25-22.75, few lots 735-906 lb. standard and low good, \$20-22.

Out Of The Past

From the Files of the Star and Sentinel and The Gettysburg Times

FIFTY YEARS AGO

**Tourist Trade Up To Average:**  
"Gettysburg's summer business is up to the average this year and in the automobile trade is even better than usual," said a local business man who has a definite means of keeping tab on the tourist traffic to this town. "With the memories of last summer's encampments in mind," he continued, "the average citizen is inclined to think that times here are unusually dull while this is not by any means the case. May was an exceptionally good month, June was fully up to the average and until the extreme heat of the past ten days the season has been very good. The falling off in trade during the hot weather was only to be expected."

**Improving The Trolley Line:**  
The Gettysburg Railway Company is now completing improvements, additions and alterations to their tracks and cars which will place the operative condition of the road in excellent shape.

Over two thousand ties have been purchased and of these about one half have been placed. Work is going along steadily at placing the remainder. New switches and new rails have been installed on the Emmitsburg road between the ends of the "Y." The tracks from the property of William H. Johns to the borough line has been raised from six to eighteen inches. One of the best stretches of the road since the recent improvements have been made is that immediately south of the Evergreen cemetery where new ties have been put in and road otherwise improved.

**Eleven Receive Their Diplomas:**  
The annual commencement exercises of St. Francis Xavier School were held Monday evening in Xavier Hall in the presence of a large number of friends and relatives of the graduates and the many others who took part in the entertainment. As in all the other public affairs given by the pupils of the parochial schools the careful planning and instruction received at the hands of the Sisters was well demonstrated. The Citizens' Band played a number of times during the evening.

The hall was very prettily decorated with the school colors. Yellow and white, and the stage was banked with potted plants. The program opened with a greeting given by the eleven graduates, Martin B. Breighner, Joseph E. Codori, Marguerite E. Frommeyer, Joseph A. Maguire, Grace E. Ramer, Ruth B. Strausbaugh, Rose M. Thomas, Alvan P. McSherry, Lucy A. Redding, Simon S. Stock, Margaret A. Twomey, Miss Grace Ramer delivered the salutatory.

**To Congress And Base Ball Game:**  
Washington, D. C. — Monday was a day of sight seeing and pleasure for the Gettysburg Boy Scouts who put through twelve long and active hours visiting various places of interest and witnessing a game of baseball between the Washington and Chicago American League teams.

In the morning the National Museum, the Smithsonian Institution and the Washington Monument were all taken in together with enough sodas to prevent prostration. (One of the Scouts was responsible for that last remark.)

Just before noon the Scouts marched to Congress where they saw Champ Clark, Joe Cannon

FOREST BEAUTY

I love everything in Nature. It is a joy to walk in the forest as it is a joy to look upon rare woods that have become beauty pieces when made into furniture and placed in a home. Trees then become what John Keats wrote of as "a joy forever."

Nature gives to life the solution to many a problem. And then we take a walk with her and suddenly we become a child of Nature!

There is something so intimate about a forest that the mere view of one while passing through on the train, or in a car, stirs me.

If asked the outstanding thing about a tree, I would say it is its friendliness. Like a great giant umbrella it stands, offering shelter, coolness and shade for both man and beast.

I love walking in the woods, or a forest, because it is the most soothing experience of which I know. You are alone, yet you are not alone. You can't self-pity there! There is too much to see and upon which to speculate. There is the glorious, pungent smell of the earth, and in Nova Scotia the "give" of the tightly packed pine needles and dead leaves, and the music of breaking twigs as you tread your way. All the time there is also the sound of some bird-call to break the almost-silence.

Walking in the woods, or forest, is spiritual medicine. All nature lovers have loved a forest: Thoreau, Hudson, Burroughs, Edwin Way Teale.

There is communion and an uplift in every tree that gives forth itself in silent and beneficent messages.

and numerous other big men. The session was exceptionally interesting during the time the scouts were there. A first class scrap was on about an appropriation of \$5,000 for investigating the governmental affairs of the District of Columbia and Champ Clark had a noisier bunch on hand than Rev. Mr. Baker ever had with the Scouts. The boys enjoyed it thoroughly.

**Will Play Two Series Of Games:**  
The Gettysburg YMCA baseball team has been practicing regularly for the games which have been arranged for the next few weeks. Others will also be scheduled as the season progresses. Two series of games have been arranged, the one with Hanover and the other will be played at that place June 17, the second here on June 22, and the third at Hanover June 28.

Thinks Kennedy Could Be Doing Too Much By Himself

By JAMES MARLOW

WASHINGTON (AP) — President Kennedy's rest these past few days with his aching back gave him time to wonder whether he is trying to do too much by himself.

He is a must-do and must-see kind of president.

In his case it means reading four newspapers a day, going through reports himself, rounds of conferences with his aides, using the telephone to get answers, endlessly meeting people, making speeches and, more recently, going places.

But in doing so much by himself he has used up a good deal of time which might have otherwise been spent reflecting on problems here and overseas.

MORE RELAXED VIEWS

His European trip, made primarily for conferences, took an extravagant toll of his hours and energy with speeches, banquets, public appearances, and wreathe-laying.

President Eisenhower took a more relaxed view of the presidency. He said he didn't read the papers much. He depended a lot on his staff to keep him informed and bring him proposals for yes or no decisions.

Kennedy promised action and he is providing it. At this early point in his presidency—when it's of the utmost importance that he learn the problems as best and fast as he can—he alone can say whether

BOY AND HIS FISH

Home he comes with a string of fish,  
A barefoot boy with a freckled face

And a grin as wide as a king might wish,  
Home he comes from his favorite place

Triumphantly trudging the village street,  
Enviied by all he may chance to meet.

Home he trudges and well he knows  
That all eyes follow him down the street.

Some will stop him wherever he goes,  
The richest man he may chance to meet.

Will look at him with a wistful eye  
And envy him as he marches by.

For he has been where the air was pure,  
Where no one battled for gold or fame.

He has lived a day where his joy was sure,  
And comes with the trophies that all would claim.

And each of us now could we have our wish,  
Would be a boy with a string of fish.

VERNON LAW IS WORRIED ABOUT ARM

PITTSBURGH (AP) — Ailing

Vernon Law is starting to worry about his future with the Pittsburgh Pirates.

The hefty righthander tore a muscle against Cincinnati in April. He hasn't been right since.

Monday, he said someone else may be wearing his Pirate uniform next year if the ailment isn't cleared up soon.

"I'm not helping the club at all the way I'm pitching now," Law said. "I want to pitch, but I want to do my job the right way."

Law has won three games this year while losing four, a far cry from the pace he set last year when he won 20 while losing nine.

"CAN'T DO ANYTHING"

Manager Danny Murtaugh gave Law a long rest after he got hurt in April. Since then, Law's made a few starts and failed to go the distance. But he's picked up two victories.

He would do all right for five or six innings, then the arm would tighten up.

"It gets so darn sore I can't do anything," Vernon explained. "I can't throw hard, I can't throw a curve, I can't follow through. It even hurts several hours after a game."

Doctors said the trouble is a torn rotator muscle in the right shoulder.

The most extreme example of the must-do and must-see kind of public official was the late John Foster Dulles, Eisenhower's secretary of state.

He traveled more than any secretary in history, seeming to operate in the belief that he personally had to do anything which needed doing anywhere.

Dulles came up with nothing new in a period which badly needed new ideas for holding back communism.

His critics suggested he would have had more time for thinking if he had spent less time hopping around.

Say Woman Stabbed More Than 40 Times

GEORGETOWN, Del. (AP) —

Officials reported Monday an autopsy showed that an 89-year-old widow found murdered had been stabbed more than 40 times, apparently with a penknife, and badly beaten.

Officials disclosed that Mrs. Ida Mae Wilkins suffered broken ribs, bruises and lacerations of the face and head at the hands of an unknown intruder police are trying to pin down. She had lived alone since the death of her husband two years ago.

The blood-stained body of Mrs. Wilkins was found Saturday in her bedroom. Officials said she had not been criminally assaulted.

State police were still at a loss for a motive after questioning more than 20 persons.

Investigate 16 Licensing Boards

HARRISBURG (AP) — The state's 16 professional licensing and examining boards in the Public Instruction Department are being investigated by the State Justice Department.

Atty. Gen. Anne X. Alpern said over the weekend she may order hearings and issue subpoenas in the course of the probe. The investigation is centering on the possibility of questionable practices in granting of some licenses, she reported.

A variety of professions from architects to undertakers are licensed by the various boards.

HILL, GENDBIEN WIN BIG RACE

LE MANS, France (AP)—For

a man who had just finished one of the most harrowing endurance auto races of the year Phil Hill talked like he'd just been driving around the block.

But the Santa Monica, Calif., native did a little more than that during a 24-hour period from Saturday through Sunday morning. He and Belgian Olivier Gendbien won their second Le Mans 24-hour endurance race as a team when they piloted their Ferrari 2,782.19 miles, 49.39 miles further than has ever been covered in the event. And they averaged a splendid 115.92 miles per hour in the process.

Siderowf, the 1960 Connecticut amateur champ, has squeezed out a one-stroke victory in the Sunnehanna Tournament of Amateur Golf Champions.

The New Britain, Conn., resident fired a two-over-par 72 Sunday to finish the 72-hole medal play tourney with a 230, a stroke ahead of James Dolan of Leicester, Mass.

Siderowf entered the final round with a 3-stroke edge over Dolan who shot par Sunday.

Siderowf was in fifth place at the end of the first round Friday with a 70. He took the lead Saturday with two rounds of 69.

Parks of Britain were second, covering 2,750.66 miles, also over the record, and France's Pierre Noble and Jean Guichet were third.

Two Americans, Dick Thompson of Washington, D.C., and August Pabst of Milwaukee finished fourth in a Maserati.

## Kansas City Cuts Tribe Lead With Win In 10th; Giants Drop LA To Second

By ED WILKS

Associated Press Sports Writer

Kansas City defeated Cleveland 7-5 in 10 innings Monday night and cut the Indians' American League lead to one game over New York and Detroit.

New York moved .604 percentage points ahead of idle Detroit with a 3-1 victory over the Los Angeles Angels.

The Chicago White Sox defeated Baltimore 9-8, and Boston beat Minnesota 10-8 in the only other games scheduled in the AL.

## DODGERS BOW

In the only National League game scheduled, San Francisco beat Los Angeles 7-4, dropping the Dodgers a half-game behind first place Cincinnati.

The Yankees, working behind the four-hit pitching of right-hander Bill Stafford, broke up a two-hit shutout by losing lefty Ted Bowsfield 2-2 and came from behind with three runs in the sixth inning. Singles by Tony Kubek, Mickey Mantle and Elston Howard, a force out by Bill Skowron and a double by Hector Lopez did it.

Stafford (42), winning his fourth in a row, held the A's hitless until the fifth inning, when Leroy Thomas opened with a single and scored on a double by Ken Hunt, who set down trying for a triple. Stafford walked two and struck out seven for his third complete game—the eighth in 14 games by the Yankees staff, which had produced only six in the first 42 games.

## 3RD LOSS IN 61

The A's tagged the Indians with their third defeat in 16 games when Heywood Sullivan singled for his fourth hit in the 10th and pinch-hitter Leo Posada followed with a two-run, two-out homer off relief ace Frank Funk (7-4). Kansas City tied it 5-4 with two runs in the ninth as Cleveland missed double plays. Jerry Walker, seventh Kansas City pitcher, saved it for reliever Jim Archer (4-1) when Vic Power bunted into a force out and Kirkland and Woodie Held fled out with two on base.

Roy Sievers drove in three runs with a pair of homers for the White Sox, who nailed it on Al Smith's solo homer in the eighth off relief ace Hoyt Wilhelm. Dick Hyde (1-1) was the loser Don Larsen (2-0), acquired Saturday from Kansas City, was the winner in relief.

## GIANTS BEAT CRAIG

A walk and Chuck Schilling's two-out single gave Boston the deciding run in the seventh. The Twins out-hit the Red Sox 15-11, and slugged three home runs, but left 17 on base. Ike Delock (4-2) won it with relief help.

The Giants, beating right-hander Roger Craig (3-4) for the first time in nine decisions since 1955, dropped the Dodgers with three runs in the fifth inning for a 7-2 lead. Orlando Cepeda's double scored the clincher. Billy O'Dell (2-3) was the winner.

## 2 CLUBS MEET FOR SHOWDOWN

CLEVELAND (AP) — Mickey Mantle, Roger Maris & Co. lead the New York Yankees into Cleveland tonight for a three-game showdown series with the first place Indians.

The Yanks are on a five-game winning streak and have cut the Tribe's lead to one game. A victory tonight would put the defending American League champs in front by .005.

The New Yorkers scored a 3-1 victory over Los Angeles in Yan-

BIRMINGHAM, Mich. (AP)—Oakland Hills, where the 61st National Open Golf Tournament will be played starting Thursday, is "a monster" under normal conditions.

Searched by the kind of heat that has locked the Detroit area in its grip the last 24 hours, says Bob Rosburg, "it could make it impossible."

Rosburg, as knowledgeable a golfer as you'll find in the list of 149 challengers to defending champion Arnold Palmer, had just trudged in from another practice spin around the 6,907-yard, ar 35-35-70 course on a day the thermometer rocketed to 91.

## SHOT 2 UNDER PAR

Bob, former PGA champion now registering from Portland, Ore., shot a 2-under-par 68 and, except for the heat and the weatherman's hint of more of it, might have been a good deal more optimistic.

Ben Hogan, who won his third of four open titles the last time America's golf classic was played here in 1951, is the one who has tabbed Oakland Hills—with its skinny fairways, fat traps, rolling greens and lush, thick rough—"the monster."

"It's tough enough as it is," said Rosburg. "The greens right now are in pretty lush shape and they're still a real challenge. If this heat should continue, and dry them out some, it's going to be impossible."

## PALMER, PLAYER ARRIVE

Husky, bronzed Palmer hustled back here after a couple days off for exhibitions and other appearances and shot a warmup 69—a score matched by former PGA champion Doug Ford, who beat Arnie in the sudden death playoff of the Speedway 500 tournament at Indianapolis two weeks back.

Gary Player, the South African who won the Masters title when Palmer blew to a duffer's 6 on the last hole at Augusta, has been looking at the course from all angles—playing as many as four balls on some holes.

kee Stadium Monday night for their 11th win in the last dozen contests, while the Indians dropped a 7-5 decision in 10 innings to Kansas City.

## LOOK FOR DOGFIGHT

Cleveland has won 13 of 16, but all three losses have come in the last six games.

A somewhat neutral observer, Kansas City Manager Joe Gordon, looks for a New York-Cleveland dogfight all the way for the pennant.

"The Indians convinced me they'll be in the race all the way," said Gordon, who managed the Tribe last season. "They have that pitching depth."

"The Yankees have the edge in hitting, but this club can scare you at the plate, too."

Maris has 20 homers and 47 runs batted in and Mantle has scored 18 homers and driven in 44 runs.

## Gettysburg Little League

A double by "Bo" Davies with the bases loaded in the last of the final inning drove in two runs and enabled the Rotary to edge the Gettysburg National Bank 6-5 Monday evening. It was the first loss for the Bankers and enabled the Rotary to take over the league with a 3-0 mark.

Davies walked in the first inning with the bases loaded to make his total rbi output three for the evening.

Toddes and White allowed the Rotary but six hits but nine walks contributed to the winner's scoring. In the first frame four walks and Flynn's single produced two runs.

The Bankers tallied a run in the first on a single by Weikert, passed ball and two-base error. After the Rotary added a run in the second the Bankers bounced back with two in the third on a single by Hughes, sacrifice bunt by Weikert, two errors and a single by Saylor. The Rotary took the lead again in the bottom of the fourth on a walk to Allison with the bases loaded.

A walk and three straight singles by Saylor, Hoffman and Fazenbaker produced a run for the Bank in the top of the fourth to knot the score at 4-4.

After the Bank went ahead in the top of the sixth 5-4 on a single by Weikert, his steal of second, and run via a wild pitch and an error, the Bankmen finished the thriller on singles by Gebhart and Allison, a walk and Davies' game-winning smash.

The Giants upset the Pirates 12-5 Monday evening in the opening league game, icing the game with six runs in the second inning which were scored on four walks, two errors and but one hit.

A triple play, Wyatt, to Geigley to Polly, in the bottom of the sixth erased a Pirate rally.

TURNBERRY, Scotland (AP)—Two officers and two enlisted men kept the banner of the U.S. forces flying in the second round of the British Amateur Golf Tournament today.

Airman IC Ralph Morrow from Oklahoma City was rated their best prospect for honors after a first round that trimmed the total American entry from 26 to 14.

The Women's Open will be held Friday through Sunday with Mickey Wright, San Diego, Calif., as the defending champion.

Among other top-flight women pros entered for the Range End tournament are Jackie Pung, Ruth Jesse, Fay Crocker, Barbara Romack, Pat Moore, Mary Lena Faulk, Marlene Hagge and Wanda Sanchez.

## SOUTHERN CAL UNDEFEATED IN NCAA PLAYOFFS

OMAHA (AP)—Southern California, rated the top team in the nation in a coaches' poll, was in the driver's seat in the NCAA college baseball world series today after trimming Oklahoma State 4-2 Monday night on a ninth inning single by Art Ersepka and record tying pitching by Larry Hankammer.

Hankammer tied the series strikeout record by fanning 16 batters. But he ran into trouble in the last of the ninth and had to be relieved for the last out. Hankammer gave up a hit to open the inning, then fanned two batters before he walked the tying run on base.

That brought in Wally Wolf who got the side out on a fly ball.

Southern Cal pinned an initial defeat on Jim Wixson in the top of the ninth when two singles and a walk loaded the bases and set the stage for Ersepka's hit. He hit Wixson's first pitch.

## MEET SYRACUSE

State will play Syracuse this evening with the loser eliminated and Southern Cal, now 3-0, meets Boston College with BC sidelined if beaten. State, Syracuse and Boston College are all 2-1.

The first whitewash job of the series was turned in by Dave Giusti of Syracuse who eliminated Western Michigan with a four-hit 6-0 job. Giusti was in bad trouble just once. That was when Western Michigan loaded the bases in the sixth on two singles and a walk. But Dave fanned three successive batters to preserve his shutout.

It was the first time in 27 games this year that Western Michigan had been shutout.

Boston College stayed alive with a 4-3 win over Duke, achieved on pinch hitter Bob Cier's single in the seventh. The winning came one inning after Boston tied with three runs in the last of the sixth on three hits and a walk. Duke was eliminated.

## ARCHERS HOLD SUNDAY SHOOT

## ENTER PRO-AM AT DILLSBURG

Two Gettysburg Country Club golfers, Dr. G. Donald Wickerham and Bob Davies, have entered the pro-amateur event Thursday at the Range End Golf Club, Dillsburg, which will precede the opening of the second annual Women's Eastern Open on Friday.

Wickerham and Davis have been teamed up with Lee Spencer, women's pro from Sequim, Tex., with their tee-off time Thursday slated for 11:02 a.m.

The best-ball of three-player teams will decide the winners in the pro-am tourney, a one-day 18-hole event.

The Women's Open will be held Friday through Sunday with Mickey Wright, San Diego, Calif., as the defending champion.

Among other top-flight women pros entered for the Range End tournament are Jackie Pung, Ruth Jesse, Fay Crocker, Barbara Romack, Pat Moore, Mary Lena Faulk, Marlene Hagge and Wanda Sanchez.

Eastern League

By THE ASSOCIATED PRESS

After a long grind, the Lancaster Red Roses finally have evacuated the Eastern League cellar—by a half game.

The Roses did it Monday night, surpassing Johnstown as they defeated the Red Sox 6-5 on a pair of two-run homers by catcher Clyde Drummonds and two key hits by shortstop Gertry Marx.

Lynne Rube, (1-4), who worked the last 2-3 innings for the Red Roses, got the victory. Jim Hansen (3-5) was the loser.

OTHER GAMES

In the only other league activity Monday night, Reading defeated league-leading Springfield 2-1 in the seven-inning opener of a doubleheader but the Giants took the nightcap by the same score.

Binghamton, dropped a 16-2 exhibition contest Richmond of the International League. Williamsport was idle.

Koko Laboy's two-run double in the first inning decided the nightcap of the doubleheader for Springfield as Marty Martin (5-3) bested Frank Smith (3-5). Reading took the opener on Jose Villar's homer in the third and a triple by Tony Martinez in the sixth Pete Olsen (2-0) was the winner; Roger Sinner (2-3) the loser.

## LISTON'S BOSS DOESN'T SEE A CONVICTION

By GEORGE ESPER

PHILADELPHIA (AP) — An angry George Katz, manager of heavyweight Sonny Liston, said today he doesn't think the No. 1 championship contender will be convicted of charges of impersonating a police officer "because the whole thing was a mistake."

Katz said, too, that he didn't think Liston's latest in a series of squabbles with the law Monday would hurt his chances for a shot at Floyd Patterson's heavyweight title.

Katz took exception to a statement by Arch Hindman, executive secretary of the National Boxing Association and former president of the group.

KATZ BLEW UP

Hindman said Monday night from his home in Hagerstown, Ind., that "if Liston is guilty of that kind of crime, he has no business in boxing."

Katz blew up at Hindman's statement, saying: "It's about time I got a little burned up. Nobody says anything about the good things Liston does like playing baseball with kids. Nobody's holy. Anybody's liable to get into trouble. You just can't come out with a statement that you think somebody ought to be knocked out of boxing."

The charge against Liston was brought after two men stopped Mrs. Dolores Ellis, 29, of suburban Lansdowne, as she drove through the lonely reaches of Fairmount Park before dawn Monday.

She and the two men are Negroes.

Mrs. Ellis, who was not harmed, said she was under the impression he had been halted by police.

She and the two men are Negroes.

"I think the whole thing was a mistake," said Katz. "They (Liston and Isaac Cooper) didn't say they were officers. Mr. Hindman got the wrong information. They thought they knew this person. Sonny is a fun-loving person who likes to play pranks."

# Riding with Russell

by FREDERICK C. RUSSELL

No one meets more varieties of stalling than the automobile salesman.

When to change engine oil may soon be a question easily determined by the car owner or his service, based on tests of oil samples rather than miles driven, type of engine, kind of driving, and type of oil. What would be cooked for especially is gasoline contamination, sludge and water. Much would be determined by the color test. In fact, this is easily done now by checking samples. If there is much water the emulsion with oil will have a milky appearance. Blackening of the oil indicates excessive soot by blowby, but with modern detergent oils this is proof that the oil is doing a good job of keeping these minute particles of carbon and also organic matter in suspension. Changing oil because it becomes dark is recommended only if samples taken from the engine and dropped on a piece of blotting paper cease to become progressively darker.

The red color in oil is from dye in gasoline and has no adverse effect. Neither has the gray which comes from salts in anti-knock gas.

## TUNING YOUR RADIO

Re-setting push buttons for a car radio which incorporates this convenience is not difficult. Start with the set operating and well warmed up, and the antenna fully extended so as to provide maximum pick-up.

On a typical late-model set you locate each pushbutton selector at a time, pulling out the first one half way and then tuning in the station with the knob over on the right hand side of the panel. When you simply push the button all the way in it is ready to give you this same station any time you desire.

## HEATER CAN BE USEFUL

Motorists who wisely kept the heater motor switched off while warming up the engine last winter realize that the core of the heater is part of the engine's cooling system and can be helpful in preventing overheating on a hot day. That's why it's better not to have the heater coolant circulation shut off.

Caught with a feverish engine in heavy traffic on a scorching day I have several times turned on the heater blower to help along engine cooling. I was so warm myself the added heat didn't seem to make any difference, but it did help save stalling, vapor lock and loss of coolant out the overflow.

## MECHANIC JOE SPEAKING

"One of the most neglected

parts of the cooling system is that short, thick piece of hosing which runs from the bottom of the radiator to the water pump. The tendency is to assume this hosing is still serviceable if it looks all right when you glance down at it with a flashlight. However, it may be soft and leaky at the bottom where you can't see it. By reaching down (with engine off, of course) you can feel its weakness. Being under suction this hose will not usually leak when the engine is operating but will provide easy escape for coolant when the car stands.

## IN THE MOTOR MAIL

Q. I have been told that because of the special type of automatic transmission used on my car the rear end must be jacked up or the propeller shaft disconnected for purposes of towing. L. C.

A. Your car can be towed up to 12 miles with all four wheels on the road.

Q. The engine of my car runs poorly and has a marked tendency to overheat. The usual remedies do not seem to help. A test shows very low vacuum reading — around 10. W. L. P.

A. This indicates late valve timing.

Q. Does a cartridge type oil filter lose its efficiency as it nears the time when it should be replaced? H. G. C.

A. Yes, because the oil has to continue passing through material which has already been trapped out.

Q. There is slippage in all three of the forward speeds of the automatic transmission on my car. Oil level is correct. G. McN.

A. Low oil pressure in the transmission will have this effect.

Q. The engine of my car stumbles on acceleration, yet there doesn't seem to be anything wrong with the carburetor. Since the car is fairly new it is not reasonable that the acceleration pump needs replacing. Ignition is all right. P. F.

A. Just to illustrate how important it is to have exact information on your car, you will find that this condition is due to incorrect positioning of the air cleaner. On your car, when equipped with this carburetor, the inlet of the air cleaner must be about 35 degrees to the right of the center of the engine.

Q. The steering assembly on my car seems to interfere with taking down the engine oil pan. A friend tells me there is a trick to it, but he doesn't know what this is. H. H. S.

A. No tricks needed. Just disconnect the steering linkage and ease it down gently.

Q. The choke on my car won't close in spite of use of special cleaners. Obviously it is sticking. B. W. R.

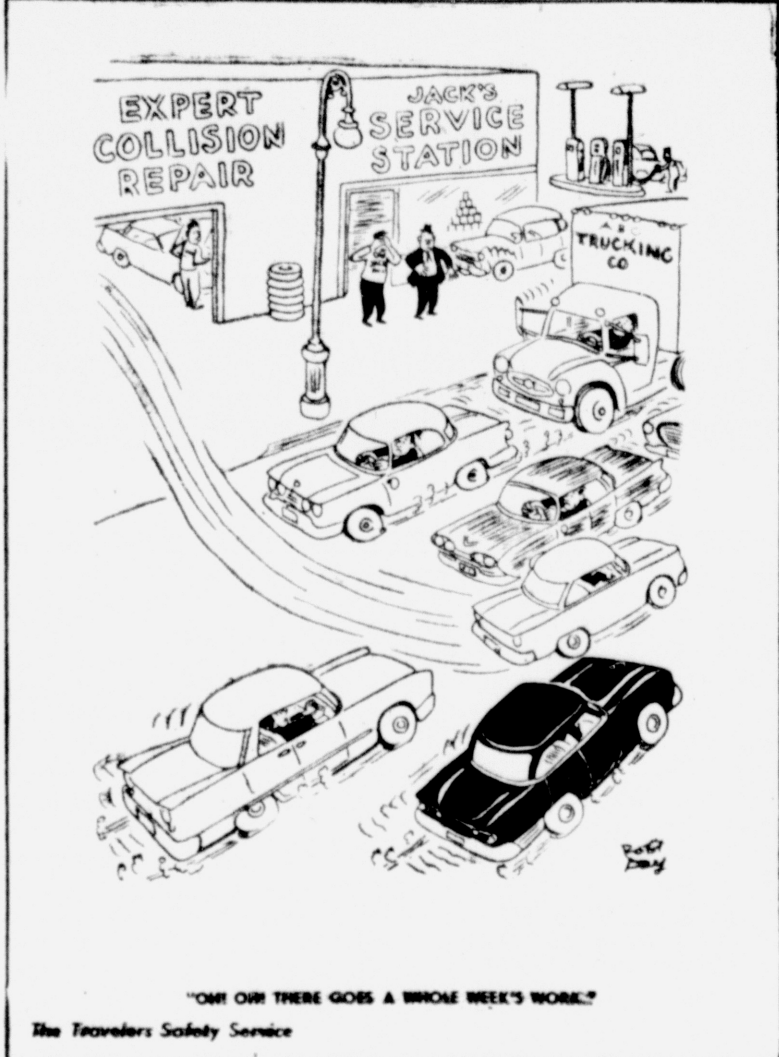

A. This is stickage, due to a burr on the linkage connections. Take off the linkage and smooth out any roughness with a round file.

Q. I have been trying to remove the horn ring on my car but no amount of pushing and twisting seems to have any effect. R. M.

A. The ring on your car is held in place by two screws under the turn signal switch housing. You will need an Allen wrench to

## PRESBYTERIANS OPEN MEETING

GROVE CITY, Pa. (AP)—The 90th annual meeting of the United Presbyterian Synod of Pennsylvania got under way at Grove City College Monday with more than 700 church members on hand.

Dr. William A. Morrison, secretary of the Presbyterian Board of Christian Education, opened the sessions with a brief talk on mission interpretation.

A new moderator will be elected tonight. Dr. Morton G. Glise of Harrisburg, the retiring moderator, will preside at a communion service just prior to the election. Other speakers to be featured at the four-day meeting include Dr. Robert Stephens of Summit, N.J.; Dr. Kenneth Neigh of the board of national missions; Dr. John Coventry Smith of the commission on missions and relations; and Dr. Le-gan Pouw, consultant on missions.

HARRISBURG (AP)—Legislation proposing a \$756,000 program of state aid to battle juvenile delinquency in Pennsylvania communities won support from Protestant, Catholic and Jewish groups over the weekend.

The Pennsylvania Council of Churches and the Pennsylvania Catholic Welfare Committee put out a statement endorsing a House bill calling for the program. The statement said that although there is no single statewide organization representing the Jewish faith, several rabbis have endorsed the legislation.

WASHINGTON (AP)—The Army Monday rebuked Maj. Gen. Edwin A. Walker for labeling as pinks or Communists former President Harry S. Truman, other leading Democrats, and segments of the U.S. press and radio-TV industries.

Announcing findings of an investigation ordered by President Kennedy, the Army said the 24th Infantry Division's troop information program put into effect by Walker "was not attributable to any program of the John Birch Society."

## DEATHS

MILWAUKEE, Wis. (AP)—Daniel Webster Hoan, 80, Socialist party mayor of Milwaukee from 1916 to 1940, died Sunday. Hoan, who had been hospitalized with a heart ailment since last December, began his public career when he was elected city attorney in 1910. He was born in Waukesha, Wis.

ALLENTOWN, Pa. (AP)—Claude T. Reno, 79, former attorney general of Pennsylvania, Superior Court judge and state treasurer, died Sunday. Reno was a member of the National Executive Board of the United Lutheran Church from 1934 to 1942.

DALLAS, Tex. (AP)—Joe C. Thompson, 60, board chairman of the Southland Corp., who was credited with helping put into operation the nation's first drive-in food stores. Thompson headed a multimillion-dollar corporation which has more than 300 stores in Texas and 105 on the East Coast.

LOS ANGELES (AP)—Dr. Francis Marion Pottenger Sr., 91, a pioneer in the battle against tuberculosis, died Saturday. He was a past president of the American College of Physicians and a former professor of medicine at the University of Southern California. He was born in Sater, Ohio.

WASHINGTON (AP)—Thomas W. Bygate, 52, deputy chief of the International Cooperation Administration's division for Europe and Africa, died Saturday after a brief illness. Bygate, who had been with the ICA since 1953, was born in Columbus, Ohio.

JODRELL BANK, England (AP)—British and Soviet scientists begin a full-scale joint effort today to track down signals from the Soviet Union's lost Venus rocket.

The Venusnik was launched Feb. 12 and was intended to reach the vicinity of the planet three weeks ago. The Soviets hoped it would pass within 60,000 miles of its mist-shrouded target before going into orbit.

## WOMEN STOCK BUYERS ARE SPECULATIVE

By SAM DAWSON  
AP Business News Analyst  
NEW YORK (AP) — Women stock buyers are like men investors, traders or speculators—only more so. They are prone to the same foibles, but more prone to some than are men.

The ladies are susceptible to speculative fever—especially to the ha come from dinner companions or cocktail gossipers. They are sentimental about "stocks my husband thought well of" or about stocks of a company whose president they've met or whose products they like.

### MAN'S OPINION

All the above is the opinion of a man, naturally, and one in the investment counseling business.

He is Howard F. Wortham, president of Trainer, Wortham & Co., a New York counseling firm since 1924. He is quick to add that everything he says about women with money to invest can also be said about men.

But as owners of a large percentage of the nation's wealth, women are becoming increasingly prominent in capital investment, stock ownership and, in stock trading. Hence, how the female behaves when managing this con-

siderable portion of the nation's private capital is more and more a concern of the menfolk in the investment business—and of the nation, too, for that matter.

### PERCENTAGE SMALL

"There are some women now who are highly skilled in the handling of investments but the percentage is still small," Wortham said in an interview. "Women tend to be more extreme than men, either excessively conservative or over inclined to speculate."

There should be no such things as His and Hers portfolios—although sometimes there seem to be. Wortham says the basic needs are the same—either high current income, or maximum appreciation through growth as a hedge against further inflation, or a combination of both according to the requirements of the individual.

What is the greatest danger a woman investor faces if she tries going it alone?

### MORE SOPHISTICATED

"Greed," says Wortham. "And next is an initially poor selection which she is unwilling to recognize and correct."

But the woman investor is getting more sophisticated. Wortham finds them far less susceptible today than formerly to advice from personable young men who devote time to their entertainment.

Like men, most women with large investment portfolios seek competent advice on keeping it solvent and profitable—from counselors, banks and trust companies, brokers, or lawyers.

## BERMUDIAN SCHOOL NEWS

By Barbara Miller and Barbara Wantz

An awards assembly was held June 5 in the Bermudian Springs High School auditorium. Group singing, led by Chorus Director Donald Golden, opened the program. Awards were presented by the teachers.

Coach Dean Becker presented football awards to the following students: Dave Bricker, Spencer Stambaugh, Larry Haines, Thomas Hardy, Richard Wolf, Barry Schrade, Jan Zeigler, Donald Miller, Craig Hoke, Thomas Roth, Warren Krall, Edgar Griffie, Philip Guise, Rodger Sowers, Stephen Chronister and Kenton Taylor.

Becker also presented an award to Nancy Klinedinst for being the outstanding English student of the Senior Class from the York Springs unit.

Band Director Gary Crum presented band awards to Diana Bricker, Martha Hikes, Jeanne Kay Drake, Marian Hoffman and Mark Weiser.

### OUTSTANDING STUDENTS

Mrs. Lizzie Davis, English teacher, presented an award to Sally Black for being the outstanding English student from the East Berlin unit.

Track awards were presented by Coach David Eby to the following: James Eshleman, Stephen Chronister, Warren Krall, Lee Miller, Jeff Eisenhart, Dwight Fadenrecht, Richard Leathery, Ronald Hoover, Ronald Howe, Robert Hoffman, Richard Guise, Robert Rohrbaugh, Kenton Taylor, William Inskip, John Eshleman

Like other investment counselors, Wortham thinks do-it-yourself investing is a chancey thing, especially for women entering the stock market for the first time, or with limited experience of finance, or with little time to spend in watching over their investments in an ever changing market.

Traditionally professional counseling service has been limited to investments of \$100,000 or more. Anything below that has been considered unprofitable for the counseling firm.

But in 1959 Trainer, Wortham started a special supervisory service for those with from \$25,000 to \$100,000 to invest. It has proved popular and the fees, on the basis of 1 per cent of the value of the portfolio, have brought in enough to make it worth the trouble.

### HE'S A BACHELOR

Among the rules, the firm will not take an account unless it handles it completely. And it won't accept cat and dog stocks held for sentimental reasons—it tells the client to keep such investments on the side themselves. The small accounts aim at growth rather than current income—"You can't live on the income from a \$25,000 capital," says Wortham. Incidentally, this gentleman with the firm opinions about women as stock traders is a bachelor.

and Laverne Wolf.

Eby also presented an award to John Wildasin, outstanding history student of the East Berlin unit Senior Class.

Music Teacher Donald Golden presented chorus awards to Sally Black, Geneva Hoak, Darlene Myers, Thomas Doherty, Gloria McCartney, Connie Reynolds, Marian Fair, Mary Myers and Judy Wenschhof.

### "MOST CREATIVE"

Agriculture Teacher Stephen Heyser presented awards to William Inskip, chapter star farmer; Fred Alwine, dairy farming, and Thomas Doherty, farm mechanics. George Miller, Ronald Spangler, Thomas Roth, Thomas Hardy, Charles Gembe, Craig Hoke, David Bricker, Roger Sowers and Sam Bricker received awards from Baseball Coach Glenn Kemper.

Science Teacher Charles A. Kennedy presented an award to Harry Fack, the outstanding senior student in science.

The most creative student in history, Kenton Taylor of the York Springs Unit, received an award from History Teacher Clyde L. Kennedy.

### DANFORTH AWARDS

Librarian John R. Korver presented Danforth awards to Grace Hull and Kenton Taylor for qualities of outstanding leadership in the school. Sandra Trostle and Connie Reynolds received certificates for three years of service in the library. John Lerew, president of the Senior Hi-Y, accepted a banner in behalf of the school for the participation of all students in the YMCA Teen Talk discussion course.

Ronald Spangler, Thomas Hardy, Thomas Cookerly, Warren Krall, John Lerew, John Wil-

dasin, Kenton Taylor, Craig Hoke, Jeff Eisenhart, William Inskip, Lee Miller, Bob Rohrbaugh and Charles Gembe received letters from Basketball Coach Robert Murphy for participating in basketball. Craig Hoke made the Adams-Franklin League All Stars and Thomas Hardy and William Inskip received honorable mention. Judy Ecker received an award for being the outstanding student of French from the East Berlin unit.

Dale Roth presented a math award to John Williams.

Susan Bricker received a plaque from Carroll Slothour for being the outstanding guidance student. James Harbold placed second. Also, Leonard Weaver received an agriculture award for outstanding public speaker, and for his work in dairy farming.

### BABE RUTH AWARDS

Curvin Smith presented Judy Ecker and Sandra Trostle with scholarship awards. Miss Eleanor Wolkner presented a French award to John Williams. Barbara Bolger's name was added to the National Honor Society. She was presented a certificate by Supervising Principal Amos Meyers.

Babe Ruth awards for sportsmanship were presented to Judy Ecker, Ronald Spangler, June Griest and Stephen Chronister.

Principal Mayers recognized those seniors who have been accepted for study at colleges and other advanced schools.

He also recognized High School Principal Alfred Billett and Guidance Counselor John Rebert who were absent from the awards assembly so that they might receive their master's degrees at Western Maryland College.

School ended June 6 with the students receiving report cards

## SAYS THOMAS WAS DOUBTFUL

HOUSTON, Tex. (AP)—The director of the organization that led 20 Negro athletes out of the Track Meet of Champions said he was never able to fully convince high jumper John Thomas he was doing the right thing.

"We never did convince Thomas," Eldrewey Stearnes, director of the Progressive Youth Association, said Sunday night. "He had some element of brainwashing behind him that we never did completely overcome."

Thomas, world record holder in the high jump, and 19 other Negroes refused to take part in the track meet Friday night because of what they called segregated seating for spectators.

### "INSULT TO RACE"

Stearnes, a 27-year-old law student at Texas Southern University here, organized the Negro association a year ago to protest segregation at public places in Houston. He called Thomas an insult to his race before the athlete withdrew.

Stearnes said he called on Negro leaders throughout the country to encourage the track men to withdraw.

"Jackie Robinson and some of the others sent letters," he said. Stearnes said the president of Tennessee A&I—where Ralph Boston, record breaking high jumper, is a student—advised Boston not to compete.

and the teachers holding a meeting to discuss the year and plan for the coming one.

## Killed In Stock Car Race Sunday

NEWBERRYTOWN, Pa. (AP)—Richard Edwards, 26, of Montgomery, Pa., was killed Sunday night in his first stock car race at the Susquehanna Speedway.

Edwards' car went down a 20-foot gradual embankment and overturned on the half-mile dirt track. Observers said there were no other cars near him during a heat race when the accident occurred.

The driver died of a fractured skull a short time after being taken to Harrisburg Hospital.

A track official reported an inspection of his car showed that the steering appeared to be loose and this may have caused the accident in the modified competition.

It also was reported that the steel pipe rollbars of the car collapsed, causing the roof to come down. The reason for this was not immediately determined but one track official said that had the rollbars held firm Edwards might have survived.

The second heat winner was John Mackinson, of Delta, Pa., who went on to capture the modified 25-lap feature which included 22 cars.

## Wedding

Anderson—Ruby

Sue Ann Ruby, daughter of Mr. and Mrs. C. Clinton Ruby, York, became the bride of Robert Colby Anderson son of Mr. and Mrs. G. Abel Anderson, Teaneck, N. J., in a double-ring ceremony performed Saturday at 7 p.m. in Advent Lutheran Church, York.

Rev. H. Walter Webber, pastor, was assisted by Rev. Charles H. Ruby, pastor of First Lutheran Church, Phillipsburg, in conducting the ceremony.

Approximately 150 guests attended a reception at Avalong Farms dairy after which the couple took a wedding trip to New York state. They will reside in the Poconos for the summer, and both will begin teaching school in Middletown, N. J., in September.

The bride is a graduate of Central High School, York, and Gettysburg College. She taught at Red Lion Junior High School.

The bridegroom was graduated from Teaneck High School and Gettysburg College.

9 DROWNINGS BOOST DEATH TOLL TO 21 IN PENNSYLVANIA

By THE ASSOCIATED PRESS  
Nine drownings and a single traffic accident which killed four teen-agers returning from a high school graduation party accounted for more than half of the accidental deaths in Pennsylvania over the weekend.

In all, 21 persons died in accidents in the state from 6 p.m. night. The total traffic toll was eight.

Among the victims of fatal accidents was Richard Edwards, 26, of Montgomery, Lycoming County, a stock car racer who was killed Sunday night in a heat race at the Susquehanna Speedway in Newberrytown. His car went down a 20-foot grand embankment and rolled over.

REFLECTED WEATHER

The drownings, one of the largest tolls since 1956, reflected the hot, humid weekend which sent thousands seeking relief in the waters.

The four teen-agers were killed Saturday night when their station wagon failed to negotiate a curve on Route 322 near Scranton and overturned. Two others survived.

The teen-agers were Frank Zalewski, 19, Sharon Hall, 16, Joyce Squirlock, 16, and Edward Dreni-  
eck, 18, all of Dickson City.

2 CHILDREN DROWN

Patricia Wilkie, 10, of Colver, and her brother Thomas Jr., 9, drowned at a dam near Ebensburg. The boy slipped off an inner tube and the girl swam out to save him.

The other victims:

Sunbury—Mrs. Estelle Troupe, 73, of Sunbury, killed Friday night in a two car collision.

Butler—Robert W. Williamson, 38, of Butler, killed Saturday when his car hit a boulder.

Philadelphia—George W. Hunter, 43, of Philadelphia, electrocuted Saturday when he stepped on a live wire after he backed his car into a utility pole.

2 CHILDREN DIE

Philadelphia—Clara Tomlin, 3, of Philadelphia, killed Saturday when she was hit by a car.

Philadelphia—Julio Lucia, 68, of Philadelphia, killed Saturday night when he fell off the roof of his house.

Lancaster—Clair L. High, 2, of nearby Stevens R. D. 1, killed Saturday when the family car ran over him in the back yard.

Philadelphia—Solomon Wexler, 67, of Philadelphia, killed Friday

Postpone Sunday Sales A Week

PHILADELPHIA (AP) — Four Philadelphia hotels and a motor hotel which had been granted permission to sell liquor for the first time on a Sunday in the history of Pennsylvania didn't dispense a drop.

The Philadelphia Hotel Association decided to hold off until next Sunday when more members will have received permission from the Pennsylvania Liquor Control Board and all can start at the same time. The motor hotel, which is not a member of the association, said its bartender became sick and others were unavailable.

At the primary election last month Philadelphia voters to legalize Sunday sales of liquor in hotels and motels between the hours of 1 p.m. and 10 p.m. The five establishments were the first to be granted licenses to begin operations Sunday.

SAYS WINNER TO SHOOT 285 TO TAKE OPEN

BIRMINGHAM, Mich. (AP) — The magic number in the U.S. Open will be 284 or 285, according to four-time open winner Ben Hogan, who took the 1951 crown at Oakland Hills here with a 287 in 1951.

Hogan, one of the many top golfers here early for the 72-hole event which begins Thursday and runs through Saturday, qualified his prophecy, however, with, "That's entirely dependent on weather conditions and the difficulty of the pin placements. We had favorable weather conditions all three days in 1951."

Hogan was appreciative of the changes that have been wrought at Oakland Hills since his 1951

triumph, night when a car hit him. Warren—Bruce C. Geiger, 17, of Conewango Township, drowned Sunday.

OTHER FATALITIES

Pittsburgh—James P. Doak, 21, of Pittsburgh, drowned Sunday in Monongahela River.

Beaver — Dennis Davis, 9, nearby Vanport, drowned Sunday at a pool in his hometown.

Dubois—Paul Pavelko Jr., 14, of Dubois R. 2, drowned Sunday in nearby Sabula Lake.

Sharon—Andrew Planny, 26, of Sharon, was lost and presumed to have drowned Sunday in the Shenango River.

Harrisburg—Harvey Snyder Jr., 8, of Middletown R. 1, drowned Sunday in the Susquehanna River.

MILLER RAPS KENNEDY FOR CUBA ERRORS

WASHINGTON (AP) — Republican National Chairman William E. Miller says President Kennedy "rescinded and revoked the Eisenhower plan to have the Cuban freedom fighters protected by American air power."

That, Miller said Sunday, was a "tragic mistake" by Kennedy. "Then, the second mistake he made—and the most tragic of all—was to announce to the world that he had rescinded this order; that the Americans wouldn't do a single thing to help the Cuban freedom fighters," Miller said.

ON STATE TV

Miller's comments were in a television-radio program recorded for Pennsylvania stations. The state's two senators, Republican Hugh Scott and Democrat Joseph S. Clark, also appeared.

There has been no word from official sources that former President Dwight D. Eisenhower favored air support for the forces which invaded Cuba in April.

Scott said that when Kennedy "failed to support the Cubans with American naval forces, American supplies and American air cover, that's when the invasion failed."

CLARK CHARGE

The Republican comments followed a statement by Clark that "the whole Cuban mess is the result of a plan conceived by Mr. Eisenhower." Clark said former Vice President Richard M. Nixon knew of the plan "in full," although "the knowledge was denied by him in the campaign."

Scott said Kennedy made up his mind to support the Cuban invasion "without any help from Eisenhower or Nixon."

"You can drag Nixon all the way back from California and you'll never change my mind that triumph."

COURSE MAGNIFICENT

"The course is magnificent," he said Sunday. "They have made a few changes that have eliminated the unfairness of the course in 1951. They have widened the fairways as well as cutting off half of the left trap on No. 10 fairway and eliminating the pot bunker in the middle of No. 11 fairway."

Hogan is one of 150 contestants battling for some \$60,000 in prize money over the 6,907 yard, par 70 Oakland Hills layout. The winner will get \$14,000, the runner-up, \$7,000 and the third placer, \$5,000.

Doug Higgins of Fort Worth, Tex., will drive the first ball in the open.

EXPLOSIONS RIP ITALIAN CITIES

BOLZANO, Italy (AP)—Violent pre-dawn explosions ripped half a dozen communities of the disputed South Tyrol Monday, spreading darkness and terror in the area. A later explosion killed a road worker.

Police said the road worker had found a dynamite charge and was about to report to police when it exploded. He was the first fatality of a long-smoldering dispute between Italy and Austria in which extremists demand that Italy grant autonomy to the large German-speaking population.

The blasts destroyed a number of steel and concrete towers supporting electric lines.

With repair crews forced to trudge for miles through mountain terrain to reach some of the wrecked towers, parts of the area may be without power for some time.

TOP OFFICIALS INVOLVED IN TRUJILLO CASE

By E. L. ALMEN

CIUDAD TRUJILLO, Dominican Republic (AP)—Announcement that a former defense secretary was involved in the assassination of dictator Rafael Trujillo aroused speculation today that other top echelon government officials were under suspicion.

First intimation the former secretary, Maj. Gen. Jose Roman Fernandez, might be involved came June 8 when a decree was put out naming his successor.

Then it became known he was under interrogation and Sunday a government spokesman said he had confessed being one of the plotters of the May 30 assassination.

Roman's reported involvement stamped the slaying of Trujillo as part of a plot to seize control of the government he had dominated for 31 years.

FIRST BELIEVED GRUDGE

Government officials had originally attributed the slaying to a personal grudge. Subsequent reports have brought out that the plotters planned to take over the government.

Secret police were able to strike quickly because two of the alleged assassins were captured

he had a thing in the world to do with it," Scott said.

Clark said the invasion plan "called for the violation of our treaties, the violation of our agreement with the Organization of American States and going in with American troops to Cuba."

JACK WEBB GIVES VIEWS ABOUT FILMS

By BOB THOMAS

HOLLYWOOD (AP)—Shop talk with Jack Webb—

Unlike the laconic Joe Friday he once played, Webb is a talkative type when it comes to the movie business. In fact, he is inclined to rattle along with the speed of a tobacco auctioneer. If you keep up with him, you can come away with comments on such topics as these:

Film content — "It just turns my stomach to see the kind of pictures that some quick-buck producers are making now. There will always be those vultures who prey on human depravity. Thank heaven there are still some Walt Disney's. Billy Wilders and George Stevens who can make movies with good taste."

AGAINST CENSORSHIP

Movie censorship—"I'm against it. I think the production code boys do a fine job, when producers listen to them. We're paying them; we should listen to them. We're just inviting outside censorship when we don't."

Messages—"Since when do we get off trying to lecture and preach on the screen? Our job is to entertain. If we do it right, business will be good."

American films abroad — "All the surveys show that one of the principal ways foreigners judge us is by our movies. I shudder to think what opinion they must have of us after seeing some of our recent films. I think we're in trouble."

BAD TASTE IN FILMS

Taste in movies—"We've gone too far in delving into problems. The great movie makers are the ones who leave things unsaid. Now films are explicit about everything—sex, violence, etc. Some of the crime stuff in films and on TV shocks me. We never had any of that in Dragnet. We never showed decomposed bodies or congealed blood. If we had something shocking, we'd show the reaction in Frank Smith's face. Or in my own stolidly stoic face."

TV stars in film—"I think it's dangerous for them to carry the load alone. That's why I got Bob Mitchum to go with me in 'The Last Time I Saw Archie.' I'd like to merely direct and produce the next one, 'Purple is the Color,' and get somebody like Glenn Ford to play the lead. But United Artists says otherwise."

READY TO GO BACK

Webb and TV—"I think I'm ready to go back to it as a performer. I said never again when I quit Dragnet three years ago. But now I've had a chance to get reacquainted with my staff and my wife, and I might take the plunge in a property I was enthused about. The reason I quit Dragnet was that after 276 shows it's hard to work up enthusiasm. Now I might even bring Joe Friday back in TV or films—if the situation were right."

Webb and movies—"Most critics say I stubbed my toe after the feature 'Dragnet,' which grossed 6 million. Well, 'Pete Kelly's Blues' grossed over 4 million domestically and the 'The D.I.' grossed 3.8 million. So why don't they get their facts straight?"

NEW YORK (AP)—James Karabatos, 50, editor of the National Herald, a Greek and American daily newspaper, died Sunday of cancer.

alive and Trujillo's chauffeur, left for dead, reportedly recognized the voice of one plottor.

The Organization of American States mission here to investigate political conditions continued their fact-finding with a visit to the national prison at La Victoria.

The visit was arranged by the government, which wants to establish proof that prisoners have not been tortured for information and that their constitutional rights have been respected.

Ike Trustee Of American U.

WASHINGTON (AP)—Former President Dwight D. Eisenhower has joined the other two living ex-presidents in becoming an honorary member of the board of trustees of American University.

As president, Eisenhower broke ground for the university's school of international service in June 1957, and received an honorary doctor of laws degree at that time. His selection to the board of trustees was announced by chairman John M. Reeves.

Former President Herbert Hoover has been a member of the board since 1945, and former President Harry S. Truman since June 1959.

HIT SNAG ON PLCB CHOICE

WILLIAMSPORT, Pa. (AP) — Gov. Lawrence's announced intention to name Dean R. Fisher to a \$15,000-a-year post on the Liquor Control Board has evoked criticism from the Lycoming County Democratic chairman.

Ambrose R. Gampara sent telegrams to the governor, Democratic State Chairman Otis B. Morse and U.S. Rep. William J. Green, Philadelphia democratic chairman, explaining his position.

ADVERTISE IN THE TIMES

20 DEAD IN CAIRO CRASH

CAIRO (AP) — A KLM Lockheed Electra crashed shortly before it was to land in Cairo Monday, killing 20 of the 36 persons on board.

The plane was carrying 29 passengers and a crew of seven. KLM said the 16 survivors included 13 passengers and three of the crew.

KLM said the prop-jet crashed into a hill just outside the airport as it was coming in to land. It caught fire as soon as it hit, an airline spokesman said.

9 ON VACATION

Among the passengers were nine KLM employees on vacation.

"Please be advised that any proposed appointment of Dean R. Fisher is without my endorsement and against my express wishes. I protest such action most vigorously and add that such obvious disregard of the county chairman is no way to build a political organization."

Campana said Sunday he hasn't received a reply to the wires yet. He said his main objection was that he hadn't been consulted about the Fisher appointment. He declined to comment when asked whether he had any personal differences with Fisher. Both are Williamsport lawyers.

Claude T. Reno, 79, Expires On Sunday

ALLENTOWN, Pa. (AP) — Claude T. Reno, 79, former Superior Court judge and attorney general of Pennsylvania, died Sunday in a hospital.

Reno was attorney general from 1939 until 1942 in the Republican administration of Gov. Arthur James. James appointed Reno to the Superior Court in 1942 and the following year Reno was elected to a full 10-year term.

Reno also served in the state legislature from 1910 until 1942. He was often mentioned by Republicans as a possible candidate for governor between 1934 and 1950. However, he never was nominated.

The airline said all the other passengers were foreigners but could not give their nationalities immediately.

It was the second mishap to a KLM plane within 24 hours. An engine on a Dutch DC7 caught fire and went out of control on a flight from Hartford, Conn., to Europe Sunday. The plane, chartered by 73 employees of the Electric Boat Co. of Connecticut for a European tour, was buffeted for 40 minutes before part of the engine fell. The plane landed safely on three engines at Prestwick, Scotland.

save 2 ways with Nationwide car insurance

If you're cautious behind the wheel...rarely have an accident...Nationwide can show you how to save substantially on your car insurance, without cutting corners on your coverage. Here are 2 plans to choose from:

**PLAN A:** Our regular plan. It has over 20 broadened coverages...gives you fast, coast-to-coast claims service...first choice of over 2½ million car owners. And this plan helps you get out of the squeeze of high insurance costs. Check this great Nationwide value.

**PLAN B:** Our SAFE-T-RATE plan. This "merit rating" insurance lets your individual accident record set your rates. You can save even more than Plan A by maintaining an accident-free record. Accidents, however, result in rate increases. If you're an accident-free driver, you'll benefit most from our SAFE-T-RATE plan! Either plan, contact office below for rates on your car.

### Card of Thanks

DAVIS: We wish to thank neigh-  
bors, friends and relatives for their  
kindness and sympathy shown during  
the illness and after the death of W.  
Lester Davis; also for the cards of sym-  
pathy and beautiful floral tributes; also  
to the doctors and nurses of the  
Annie Warner Hospital. Thanks  
also for the cards and floral trib-  
utes while there.

MRS. MAYBELL DAVIS  
AND DAUGHTERS

FRAZER: I would like to express  
my most sincere thanks and ap-  
preciation for the kindness and  
courtesies accorded my husband  
during his long stay as a patient  
in the Warner Hospital. I want to  
especially thank the doctors,  
nurses and others who did so  
much for Mr. Frazer, all of which  
contributed immeasurably toward  
his recovery.

### In Memoriam

HEPPER: In loving memory of  
our dear son, Ronald R. Hepper,  
who was taken from us three  
years ago tonight, June 13, 1958.  
Three years have passed, our  
hearts still sore,  
As time flies on, we miss him  
more.  
He was always so patient, loving  
and kind  
What a beautiful memory he has  
left behind.

No one knows the silent heart  
ache,  
Only those who have lost can tell  
Of the grief that is borne in sil-  
ence.

For the one we loved so well.

His smiling face no more we see,  
His gentle footsteps no more we  
hear  
His willing hands and face so  
sweet  
In heaven someday we hope to  
meet.

In the graveyard softly sleeping  
Where flowers gently wave  
Lies the one we loved so dearly  
In the still and silent grave.

We do not know why we must  
part  
From those we love so dear  
But God who doeth all things well  
Will someday make it clear.

We often met and think of you  
As days go passing by  
And wonder why you had to die  
Before we could say goodbye  
HIS LOVING MOTHER  
AND DAD

## and here's why more and more people are installing GAS AIR CONDITIONING

People discover complete Gas air conditioning—and they want it. They're usually surprised to find it costs less than they imagined to install and to operate, too.  
Gas provides year-round, total comfort using one thermostat, one central heating and cooling system. In the summer, you sleep better, cook and bake in a cool kitchen, enjoy your home more than ever. Then in winter, with the flick of a dial, your home is kept warm and snug with fresh air, Gas heat. And both from the same

Gas heating-cooling system. Why settle for less? Discover Gas air conditioning for yourself. The installation costs of a central Gas heating-cooling system in a new home can be financed with the mortgage for a very modest increase in payments. Are you planning to remodel? Consider having a Gas add-on air conditioning unit installed in your present Gas forced air heating system. You can probably use the existing heating ductwork to get added installation economies.

If you are planning to build or buy a new home, or to remodel your present home, find out about Gas air conditioning. You'll want it!  
Call your Gas Company for free survey and estimate.
